

**Core6 Environmental** is a British Columbia-based environmental consulting firm committed to establishing itself as a trusted partner for environmental solutions within the province. We leverage our expertise and reputation for ethical practices to deliver practical, people-focused, and collaborative solutions to complex environmental challenges. We foster a positive, collaborative work environment where our team of problem solvers can thrive.

**Core6** is seeking a **Senior Risk Assessor-CSAP** to join our Contaminated Lands team. You'll work alongside some of the province's leading technical experts, implementing contaminated sites assessments, remediation, and risk assessments for projects across BC. This position can be based from either our Vancouver or Victoria offices.

#### **In this role you will:**

- Collaborate with, and add further depth to, our diverse and experienced team to deliver exceptional project performance, upholding Core6's reputation for expertise and innovation.
- Provide technical guidance of site investigations, and remediation/risk assessments; ensuring they meet client expectations, adhere to budgets and timelines, and comply with regulations.
- Review deliverables, provide recommendations, and make submissions as a Risk-Based Standards Contaminated Sites Approved Professional.
- Foster strong relationships with clients and contribute to business development initiatives, solidifying Core6 as a trusted partner.
- Mentor and guide team members, fostering a culture of continuous learning and achievement, reflecting our commitment to a people-focused approach.

#### **Qualifications and Requirements**

- Registered Professional Biologist in BC or eligible for registration.
- Minimum 10 years of experience in environmental consulting related to contaminated sites.
- At least 4 years of senior oversight of Human Health and Ecological Risk Assessments in BC.
- Strong project planning, communication, and scientific report writing skills.
- Passion for learning, sharing knowledge, and continuous improvement.
- Registration as a Risk-Based Standards Contaminated Sites Approved Professional.

#### **Compensation Range**

The expected compensation range for the qualifications listed above is \$110,000-160,000 per year with performance bonuses, benefits package, and professional development opportunities. The compensation range may be adjusted for qualifications, experience and desirable assets.

## Why Core6?

- **Impactful Work:** Contribute to meaningful projects that directly impact British Columbia's environment.
- **Collaborative Culture:** Join a team that values collaboration and professional growth.
- **Mentorship:** Learn from and work alongside some of the industry's most experienced professionals. Our team currently has two Risk-Based and three Standards-Based CSAPs.
- **Competitive Compensation:** Receive a comprehensive package including competitive salary with overtime pay or banked time, vacation, medical/dental benefits, RRSP-matching, cell phone allowance, and flexible work hours.
- **Professional Development:** Access ongoing training and development opportunities.
- **Valued Input:** Your voice matters – regardless of your position in the company, you have the ability to shape the future. We are continually evolving and growing the company, incorporating ideas, suggestions and innovative approaches from our employees, partners and clients.

Core6 defines diversity as including culture, race, religion, age, sexual orientation, gender, disability, socioeconomic background and lived experiences. We strive to have our staff reflect the diversity of the communities in which we work. Core6 Environmental is an equal opportunity employer and encourages all qualified candidates to submit resumés and letters of introduction for consideration.

Resumes and Letters of Introduction may be forwarded to [hr@core6.ca](mailto:hr@core6.ca). Please include the opportunity title (HR-049 RA) in your email subject line.
